Class Descriptions**PARENT/CHILD (6-36 Months)**

Children are accompanied by their parents in the water and are introduced to the basic water skills such as kicking, breath control, water safety, and floatation devices are introduced along with basic safety. We begin to transition to the preschool swim lesson program but most of all we sing lots of songs and have fun!

PIKE (3-5 Years)

Pike requires no prerequisites. We adjust to a group lesson setting and learn to move through the water independent of adult support. This is the first level of swim lessons without parents.

EEL (3-5 Years)

Eel must be able to put their face in the water comfortably and swim on their own with the assistance of a floatation device. We move towards independence without floatation and learn basic swim techniques.

Inclement Weather Policy

Lessons may have to be postponed or canceled due to weather issues (thunder or lightning) we will do our best to keep you informed of any changes in the schedule due to weather. This is for the safety of both participants and staff.

Make Up Policy

If lessons have to be canceled due to weather issues or for other pool closures, they will be made up on that Friday. If you are unable to attend a lesson for personal reasons such as illness or vacation you will not be able to make up the class missed.
